

Meet Our Newest Homeowners!

The Lubneuski Family

“Our family’s history is deeply rooted in Summit County. We met and fell in love here. Our children were born and go to school here. We love this beautiful place and community. This is our home. The only thing missing was a family nest. **Rent prices have been increasing steadily** over many years now. **Our family had to move three times in the past four years.** The dream of home ownership seemed more and more out of reach. **It has been hard on us emotionally and financially but it has been especially difficult for our children.** This Habitat for Humanity House will give our family stability, a sense of security, and a true permanent sense of home.

When we got the call that we were selected for this home, we felt very happy and blessed with such amazing news. It was hard to believe that this was really happening. Our wildest dream come true!

For our family, **a Habitat Home means living a long and secure life in Summit County.** It means no longer worrying about finding a rental or being able to afford rent. We finally are able to put down strong roots in the community we love, afford quality health insurance, *and* start saving for our kids’ future.

It is very hard to put into words how happy, and **thankful, and blessed** we feel.”

Habitat Homeowners are selected on:

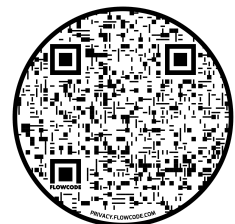

1 ability to pay an affordable mortgage

2 need currently in substandard living conditions

3 willingness to partner and build their own home

Your donation changes lives by making the dream of homeownership a reality!
